

Installation Requirement

The delivered *ALLINPL* file, *ADA741.ALLINPL*, contains the Adabas Online System (AOS) base and also functions as a demo.

To use the full version of AOS, you must copy the contents of the AOS version 7.4 load library to the base Adabas version 7.4 (and/or Adabas 7.1) load library with the REPLACE option. When allocated to the 'running' Adabas environment, this completes the AOS to make it a licensed copy.

If you try to run AOS version 7.1 against Adabas version 7.4, AOS will function as a demo.

If you try to run AOS version 7.4 with an earlier version of Adabas, AOS will function as a demo unless an Adabas ZAP is applied, as follows:

Adabas Version	ZAP Number
7.1.2	A\$712099
7.1.3	A\$713099
7.2.2	AY722099
