

Getting Started

This part of the documentation tells you how to log on to Adabas Review, use the online help system, use function codes, PF keys and commands, and end your Adabas Review session.

The Adabas Review Getting started documentation is organized in the following topics:

	Accessing Adabas Review
	Using Function Codes
	Using Review Commands
	Using the Online Help System
	Accessing Adabas Review Repositories
	Accessing Technical System Information
	Ending a Session
