Displaying Report Information

From the list of available report definitions, you can display (DD) a brief summary of report information including for all reports:

Name	name of the report
Saved By	the identity of the user who saved the report
Format	whether the report provides summary or detailed information
History	whether history data is saved for the report

and for each report depending on its particular settings:

Account	for summary reports, the order in which control breaks occur; for detailed reports, the order in which the fields are displayed
Summary	the fields for which summary values are calculated
Rate	the fields for which the rate per second for the field's value is calculated.
Minimum	the fields for which the minimum value is displayed.
Maximum	the fields for which the maximum value is displayed.
Average	the fields for which average values are calculated
Round	the fields for which the value is rounded (that is, incremented) by the amount specified in the report definition so that the result is evenly divisible by the "round" value.
Select	the fields selected for the report. A maximum of 20 fields is allowed for each report.

▶ **To display report information**

1. From the Started Reports screen, enter the DD command on the selection line preceding the report name to display a summary of report information.

   The screen similar to the following appears:

```
 11:27:30                  A D A B A S  -  R E V I E W              2003-07-07
                                Report Information                   HUB=00221
