GCBPRINT: Print/Dump General Control Blocks (GCBs)

```
ADAICK   GCBPRINT [NOUSERABEND]
```

Use the GCBPRINT function to print and dump the general control blocks (GCBs).

Optional Parameter

NOUSERABEND: Termination without Abend

When an error is encountered while the function is running, the utility prints an error message and terminates with user abend 34 (with a dump) or user abend 35 (without a dump).

If NOUSERABEND is specified, the utility will *not* abend after printing the error message. Instead, the message "utility TERMINATED DUE TO ERROR CONDITION" is displayed and the utility terminates with condition code 20.
