Displaying Files with Critical Number of Extents

Option **C** (List files with crit. no. of extents) on the **Database Report** menu provides a list of the files in the database that are at the critical number of extents. If no such files exist in the database, a message is displayed.

Note:
The exact extent count is provided in the general Display File(s) (**F**) option by table type (AC, NI, UI, or DS).
