Accessing the Adabas Manager Area

Logging in to Adabas Manager involves first logging on to System Management Hub, then logging in to a particular host, and then selecting the Adabas Manager application.

▶ **To access the Adabas Manager area of System Management Hub:**

1. Select **Software AG Adabas Manager -> Web Interface** from the program list in your start menu.

   Or:
   From a web browser, logon to System Management Hub at
   http://"<hostname>":49991/smh/login.htm.

   The logon screen for the System Management Hub (SMH) appears.

2. Logon to the System Management Hub...

   The System Management Hub main panel appears.

3. Select the name of the managed host on which Adabas Manager is installed.

4. Expand the tree-view frame for the managed host by clicking on the plus sign (+) to the left of its name.

5. Expand the tree-view for Adabas Manager.

Note:
The Adabas Manager documentation has been installed with the product. You can either view it by selecting **Software AG Adabas Manager -> Documentation** from your program list, or call up the appropriate page by clicking on the **Help** button () in the top right corner of your Adabas Manager panel.
