Action Contact your Software AG technical support representative for assistance.

RTP002 **Review Abend in RTPSSPC**
Abend Ssyscode Uusrcode
SDWA Not Available

Explanation A program check or system abend was intercepted by the Adabas Review Trans-**port** ARR routine. This message appears in the Trans-**port** caller's listings and the system console.

z/OS did not provide a System Diagnostic Work Area (SDWA), which reduces the amount of information available.

The caller does not abend, but the data being sent to the Adabas Review hub may be discarded. A system dump is attempted.

Action Contact your Software AG technical support representative for assistance.

RTP003 **System Dump Accepted**

Explanation The error described in preceding messages RTP001 or RTP002 is recorded in a system dump. Additional dump details are in the system log and the hub's listing.

Action Contact your Software AG technical support representative for assistance.

RTP004 **SDUMPX failed Reason *rsncode***

Explanation A system dump was attempted after the error described in the preceding messages RTP001 or RTP002. z/OS was unable to schedule the dump.

Action Check the IBM documentation for the SDUMPX service to determine the meaning of the reason code given in the message. Contact your Software AG technical support representative for assistance.
