

Prerequisites for Installing Adabas Delta Save Facility

Adabas Delta Save Facility version 8.2 SP4 requires the following products/versions and additional software:

- Adabas version 8.2 SP4
- Adabas Online System (AOS) demo version delivered with Adabas version 8.2 or alternatively, the full version AOS selectable unit. The load module AOSASM from the Adabas 8.2 load library must be included in the link of the Natural nucleus.

If you want to use online facilities to restart an interrupted online save operation after a system or other user ABEND (see section *Restarting an Interrupted Save Operation*), you will need to use the selectable unit AOS.

For information regarding Software AG product compatibility with IBM platforms and any IBM requirements for Software AG products, please review the *Product Compatibility for IBM Platforms* web page.
