About this Documentation

■ Document Conventions	2
■ Online Information and Support	2
■ Data Protection	3

Document Conventions

Convention	Description
Bold	Identifies elements on a screen.
Monospace font	Identifies service names and locations in the format <i>folder.subfolder.service</i> , APIs, Java classes, methods, properties.
<i>Italic</i>	Identifies: Variables for which you must supply values specific to your own situation or environment. New terms the first time they occur in the text. References to other documentation sources.
Monospace font	Identifies: Text you must type in. Messages displayed by the system. Program code.
{ }	Indicates a set of choices from which you must choose one. Type only the information inside the curly braces. Do not type the { } symbols.
	Separates two mutually exclusive choices in a syntax line. Type one of these choices. Do not type the symbol.
[]	Indicates one or more options. Type only the information inside the square brackets. Do not type the [] symbols.
...	Indicates that you can type multiple options of the same type. Type only the information. Do not type the ellipsis (...).

Online Information and Support

Product Documentation

You can find the product documentation on our documentation website at <https://documentation.softwareag.com>.

Product Training

You can find helpful product training material on our Learning Portal at <https://learn.software-ag.com>.

Tech Community

You can collaborate with Software GmbH experts on our Tech Community website at <https://tech-community.softwareag.com>. From here you can, for example:

- Browse through our vast knowledge base.
- Ask questions and find answers in our discussion forums.
- Get the latest Software GmbH news and announcements.
- Explore our communities.
- Go to our public GitHub and Docker repositories at <https://github.com/softwareag> and <https://containers.softwareag.com/products> and discover additional Software GmbH resources.

Product Support

Support for Software GmbH products is provided to licensed customers via our Empower Portal at <https://empower.softwareag.com>. Many services on this portal require that you have an account. If you do not yet have one, you can request it at <https://empower.softwareag.com/register>. Once you have an account, you can, for example:

- Download products, updates and fixes.
- Search the Knowledge Center for technical information and tips.
- Subscribe to early warnings and critical alerts.
- Open and update support incidents.
- Add product feature requests.

Data Protection

Software GmbH products provide functionality with respect to processing of personal data according to the EU General Data Protection Regulation (GDPR). Where applicable, appropriate steps are documented in the respective administration documentation.

2

Release Notes

■ Enhancements	6
■ End of Maintenance	7

This document provides a summary of the new and changed features included in Adabas Auditing version 2.3, a selectable unit of Adabas that enables specific Adabas files to be monitored for auditing purposes.

For information regarding Software AG product compatibility with IBM platforms and any IBM requirements for Software AG products, please review the [Product Compatibility for IBM Platforms](#) web page.

This document covers the following topics:

Enhancements	Describes the new and changed features in Adabas Auditing.
End of Maintenance	Describes how you can determine the end-of-support dates for your Software AG products.

Enhancements

- [Applied Maintenance](#)
- [Support for Adabas Version 8.6](#)
- [Adabas Audit Data Viewer \(AAV\) Installation Package](#)
- [Adabas Audit Data Retrieval \(AAR\) Installation Package](#)
- [SYSALA Destination option of EntireX Broker](#)

Applied Maintenance

All maintenance updates have been applied.

Support for Adabas Version 8.6

Adabas version 8.6 is fully supported including the option to specify the Adabas buffer pool in 64-bit addressable storage enabling installations to increase buffer pool sizes to multiple gigabytes.

Adabas Audit Data Viewer (AAV) Installation Package

The installation package for Adabas Audit Data Viewer (AAV) is now available from the Software Download Center in [Empower](#). Log in to Empower, expand **Products & Documentation** on the left and select **Download Products** to access the Software Download Center.

Adabas Audit Data Retrieval (AAR) Installation Package

The installation package for Adabas Audit Data Retrieval (AAR) is now available from the Software Download Center in [Empower](#). Log in to Empower, expand **Products & Documentation** on the left and select **Download Products** to access the Software Download Center.

SYSALA Destination option of EntireX Broker

The SYSALA destination option of the EntireX Broker is now available. You can now maintain the Null and EntireX Broker destination definitions. For more information, see *Maintaining Destination Definitions* in *Adabas Auditing Configuration (SYSALA)* .

End of Maintenance

For information on how long a product is supported by Software AG, log in to [Empower](#), expand **Products & Documentation** on the left and select **Product Version Availability** to review support information for specific products and releases.
