

# **Adabas Online System**

## **Release Notes**

Version 8.6.1

September 2025

This document applies to Adabas Online System Version 8.6.1 and all subsequent releases.

Specifications contained herein are subject to change and these changes will be reported in subsequent release notes or new editions.

Copyright © 2025 Software GmbH, Darmstadt, Germany and/or its subsidiaries and/or its affiliates and/or their licensors.

The name Software AG and all Software GmbH product names are either trademarks or registered trademarks of Software GmbH and/or its subsidiaries and/or its affiliates and/or their licensors. Other company and product names mentioned herein may be trademarks of their respective owners.

Detailed information on trademarks and patents owned by Software GmbH and/or its subsidiaries is located at <https://softwareag.com/licenses>.

Use of this software is subject to adherence to Software GmbH's licensing conditions and terms. These terms are part of the product documentation, located at <https://softwareag.com/licenses> and/or in the root installation directory of the licensed product(s).

This software may include portions of third-party products. For third-party copyright notices, license terms, additional rights or restrictions, please refer to "License Texts, Copyright Notices and Disclaimers of Third-Party Products". For certain specific third-party license restrictions, please refer to section E of the Legal Notices available under "License Terms and Conditions for Use of Software GmbH Products / Copyright and Trademark Notices of Software GmbH Products". These documents are part of the product documentation, located at <https://softwareag.com/licenses> and/or in the root installation directory of the licensed product(s).

Use, reproduction, transfer, publication or disclosure is prohibited except as specifically provided for in your License Agreement with Software GmbH.

# 1 Release Notes

---

Adabas Online System (AOS) is an interactive, menu-driven analysis and control facility for Adabas and the related environment. A database administrator (DBA) uses it to manage your Adabas database and the users of the database.

Adabas Online System is a selectable unit to Adabas customers who have exercised a separate purchase agreement for this feature. A demonstration version is included with Adabas and is documented in the *Adabas DBA Tasks Manual* guide.

This document provides release notes for the Adabas Online System 8.6 release.

## *Enhancements*

Describes the new and changed features in Adabas Online System 8.6.

## *End of Maintenance*

Describes how you can determine the end-of-support dates for your Software AG products.

## *Documentation and Other Online Information*

Describes the documentation and other online information you can obtain about this release of Adabas Online System.

## 2 About this Documentation

---

■ Document Conventions .....	4
■ Online Information and Support .....	4
■ Data Protection .....	5

## Document Conventions

---

Convention	Description
<b>Bold</b>	Identifies elements on a screen.
Monospace font	Identifies service names and locations in the format <i>folder.subfolder.service</i> , APIs, Java classes, methods, properties.
<i>Italic</i>	Identifies:  Variables for which you must supply values specific to your own situation or environment. New terms the first time they occur in the text. References to other documentation sources.
Monospace font	Identifies:  Text you must type in. Messages displayed by the system. Program code.
{ }	Indicates a set of choices from which you must choose one. Type only the information inside the curly braces. Do not type the { } symbols.
	Separates two mutually exclusive choices in a syntax line. Type one of these choices. Do not type the   symbol.
[ ]	Indicates one or more options. Type only the information inside the square brackets. Do not type the [ ] symbols.
...	Indicates that you can type multiple options of the same type. Type only the information. Do not type the ellipsis (...).

## Online Information and Support

---

### Product Documentation

You can find the product documentation on our documentation website at <https://documentation.softwareag.com>.

### Product Training

You can find helpful product training material on our Learning Portal at <https://learn.software-ag.com>.

### Tech Community

You can collaborate with Software GmbH experts on our Tech Community website at <https://tech-community.softwareag.com>. From here you can, for example:

- Browse through our vast knowledge base.
- Ask questions and find answers in our discussion forums.
- Get the latest Software GmbH news and announcements.
- Explore our communities.
- Go to our public GitHub and Docker repositories at <https://github.com/softwareag> and <https://hub.docker.com/publishers/softwareag> and discover additional Software GmbH resources.

## Product Support

Support for Software GmbH products is provided to licensed customers via our Empower Portal at <https://empower.softwareag.com>. Many services on this portal require that you have an account. If you do not yet have one, you can request it at <https://empower.softwareag.com/register>. Once you have an account, you can, for example:

- Download products, updates and fixes.
- Search the Knowledge Center for technical information and tips.
- Subscribe to early warnings and critical alerts.
- Open and update support incidents.
- Add product feature requests.

## Data Protection

---

Software AG products provide functionality with respect to processing of personal data according to the EU General Data Protection Regulation (GDPR). Where applicable, appropriate steps are documented in the respective administration documentation.

# 3 Enhancements

---

■ Adabas Online System 8.6 SP1 Enhancements .....	8
---	---

This document lists the Adabas Online System 8.6 enhancements.

## Adabas Online System 8.6 SP1 Enhancements

---

- CLOG/PLOG Dataset Status
- Filter Information for Display UQE, CQE, HQE
- Session HWM Timestamps

### CLOG/PLOG Dataset Status

You can now display the individual status of each PLOG or CLOG dataset in the Adabas Online System facility.

For more information about the CLOG/PLOG dataset status, see *Using Adabas Online System (AOS) > Performing System Operator Command Functions > CLOG/PLOG Dataset Status*.

### Filter Information for Display UQE, CQE, HQE

When displaying user queue elements (UQE), command queue elements (CQE), or hold queue elements (HQE) in the Adabas Online System facility, you can now use the new program function key PF5 *Filter* to filter the displayed information.

For more information about the filtering function, see *Using Adabas Online System (AOS) > Monitoring Adabas Sessions > Displaying Queues*.

### Session HWM Timestamps

With Adabas Online System V8.6 SP1 and later, when using options A, W, H from the main menu to display Session High Water Marks, a corresponding timestamp is now available for each pool of the HWM event.

## 4 End of Maintenance

---

For information on how long a product is supported by Software GmbH, access Software GmbH's Empower web site at <https://empower.softwareag.com>.

Log into Empower. Once you have logged in, you can expand **Products** in the left menu of the web page and select **Product Version Availability** to access the Product Version Availability application. This application allows you to review support information for specific products and releases.

# 5      Documentation and Other Online Information

---

■ Documentation Website .....	12
■ TECHcommunity .....	12
■ Empower Product Support Website .....	12

The following online resources are available for you to obtain up-to-date information about your Software GmbH products:

## Documentation Website

---

You can find documentation for all Software GmbH products on the Documentation website at <https://documentation.softwareag.com>.

## TECHcommunity

---

You can find documentation and other technical information on the TECHcommunity website at <http://techcommunity.softwareag.com>. You can:

- Access product documentation, if you have TECHcommunity credentials. If you do not, you will need to register and specify "Documentation" as an area of interest. If you already have TECHcommunity credentials, you can adjust your areas of interest on the TECHcommunity website by editing your TECHcommunity profile. To access documentation in the TECHcommunity once you are logged in, select **Documentation** from the **Communities** menu.
- Access articles, demos, and tutorials.
- Use the online discussion forums, moderated by Software GmbH professionals, to ask questions, discuss best practices, and learn how other customers are using Software GmbH technology.
- Link to external websites that discuss open standards and web technology.

## Empower Product Support Website

---

You can find product information on the Empower Product Support website at <https://empower.softwareag.com>. This site requires Empower credentials. If you do not have an Empower user ID and password yet, you will find instructions for registering on this site (free for customers with maintenance contracts).

To submit feature/enhancement requests, get information about product availability, and download products and certified samples, select **Products & Documentation** from the menu once you are logged in.

To get information about fixes and to read early warnings, technical papers, and knowledge base articles, select **Knowledge Center** from the menu once you are logged in.
