

## Third-Party Components

Subject to the respective modules licensed by customer, this Software AG product may utilize software owned or provided by third-party licensors as set forth in a disclosure document.

These documents can be found distributed with the software under:

..\<ARIS\_Installation\_and\_Documentation-xxx.xxx.xxx>\Documents\English\Legal

For the respective current version, this information is additionally provided as PDF as well as in machine-readable SPDX format at:

- <https://opensource.softwareag.com>

- License Texts, Copyright Notices and Disclaimers of Third Party Products  
(<https://documentation.softwareag.com/legal/thirdparty.htm>)

The source code of all open source components, including their modifications, used in Software AG products complies with the requirements of certain open source licenses and can be found at <https://opensource.softwareag.com> under "Third-Party Sources".
