

TC - Trailing Characters

With this session parameter, you can specify trailing characters that are to be displayed immediately to the right of a field output with a `DISPLAY` statement. The width of the output column is enlarged accordingly.

The parameter `TC` can also be used with `U` format fields. For information on Unicode format, see also *Unicode and Code Page Support in the Natural Programming Language, Session Parameters, EMU, ICU, LCU, TCU versus EM, IC, LC, TC*.

| | | | |
|-------------------------------------|---------------|---|-------------------|
| Possible settings | any character | Up to 10 characters may be specified. Trailing characters may optionally be specified enclosed within apostrophes, in which case any characters can be specified. Any character string specified which contains a closing parenthesis or a quotation mark must be enclosed within apostrophes. | |
| Default setting | none | | |
| Specification within session | yes | Applicable Statements: | DISPLAY FORMAT |
| | | Applicable Command: | none |

Examples:

```
FORMAT TC=*
DISPLAY (TC='*B*')
```

See also *Parameters to Influence the Output of Fields* in the *Programming Guide*.
