

# HAS-SYSTEM-BUTTON

Determines whether the dialog has a system button or not. The system button is in the top left corner of the window and provides a menu with the platform's standard window functions (like Close or Minimize).

|                        |  |
|------------------------|--|
| <b>Applies to</b>      | Dialog (window, MDI frame, MDI child). |
| <b>Data Type</b>       | BOOLEAN                                |
| <b>Default Value</b>   | TRUE                                   |
| <b>Possible Values</b> | TRUE / FALSE                           |
