

Natural System Error Messages 7551-7600

NAT7600: :1: locked by :2:.

Text	Object is locked.
Expl.	The object to be locked is already locked, for example, because another user is editing the object.
Actn.	Wait until the object is available again. If the lock is erroneous (e.g. after a system failure), use the Natural system command UNLOCK to unlock the object.
