

Invoking and Terminating DDM Services

This section provides instructions for invoking and terminating DDM Services.

▶ To invoke DDM Services

- From the Natural main menu, choose **Services** and, from the selection window, choose **DDM Services** or enter a D.

Or:

From the Natural main menu, choose **Direct** and, in the **Direct Command** window, enter the following:

```
SYSDDM
```

The **DDM Services** screen appears as shown in the example below:

```

2004-09-09                DDM Services                Library: SYSTEM
17:15:21                  V 6.1.1 Pl 9   Software AG 2004  DBID   :
User: SAG                  FNR      :

|  Library          DDM Maintenance          Services Profile          Quit  |
+-----+-----+-----+-----+

Logon to DDM library

```

The menus provided on the **DDM Services** screen are explained in the relevant sections of the *DDM Services* documentation.

▶ To terminate DDM Services

- On the **DDM Services** screen, choose **Quit**.

The Natural main menu appears.
