Natural System Error Messages 7801-7850

NAT7801: Dialog cannot be used as generic document window. Reason: :1:.

Text	Dialog cannot be used as generic document window. Reason: ....
Expl.	This error can occur when a Natural dialog is to be displayed as a generic document window in Natural Studio. Common reasons are: (1) The dialog was not created or has already been closed. (2) The dialog is not of type "MDI plug-in window". (3) The creation of the generic document window failed.
Actn.	Make sure that the dialog has been created and that it is of type "MDI plug-in window".

NAT7802: Natural runtime system is busy.

Text	Natural runtime system is busy.
Expl.	An attempt was made to execute or run a program or dialog through the Natural Studio Automation interface, while the Natural runtime in that session was already executing. This is not possible.
Actn.	No action required.
