LC - Lower to Upper Case Translation

This Natural profile parameter controls lower-case to upper-case translation of input characters.

Note:
This parameter does not apply to Natural stack data which was placed on the Natural stack by the `STACK` statement.

Possible settings	ON	No translation of lower-case characters to upper case is performed.
	OFF	All lower-case characters, except input from the Natural stack which was place there by the `STACK` statement, is translated to upper case by Natural.
Default setting	ON	
Dynamic specification	yes	
Specification within session	no	To disable or enable lower-case to upper-case translation dynamically within the active Natural session, you should use the terminal commands `%L` or `%U`
Application Programming Interface	USR1005N	See *SYSEXT - Natural Application Programming Interfaces* in the *Utilities* documentation.
