

# LOCATION

Specifies the position (top, bottom, left, right) of a status bar or tool bar control relative to the associated dialog. For dockable tool bars floated in a separate window, the location is represented by the value TB-FLOAT. Status-bar controls may only be positioned at the top or bottom of a dialog.

<b>Applies to</b>	Dialog bar control, status-bar control, tool bar control.
<b>Data Type</b>	I4
<b>Default Value</b>	TB-TOP
<b>Possible Values</b>	TB-TOP / TB-BOTTOM / TB-LEFT / TB-RIGHT / TB-FLOAT
