## Parameters

| Name/Data Type         | Explanation                                                                                                                                                                                                                                                                                                                          |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Audio file name (.wav) | Input<br>Either the full path name of the audio file or just the file name. If you specify just the file name, this file must be located in the directory referred to by the environment variable NATGUI_BMP. If you specify a path name, this must be the fully expanded path name including the drive and the path specifications. |

### Examples:

```
PROCESS GUI ACTION PLAY-SOUND WITH 'CHIMES.WAV'  
PROCESS GUI ACTION PLAY-SOUND WITH #FILE  
GIVING #RESPONSE
```
