

Settings

The settings option is used to specify option settings for the unload, load, find or scan function and parameter settings for the unload or load function.

To invoke the Settings window

- In the **Welcome to the Natural Object Handler** window, from the **Options** menu, choose **Settings**.

Or:

In advanced-user mode, during the unload or load function, from the **Options** menu, choose **Settings**.

Or:

In advanced-user mode, during the unload or load function, in an object-specification window, choose the **Settings** button.

The **Settings** window appears with the tabs **Options** and **Parameters**.

This section describes the items contained on the pages that belong to the tabs **Options** and **Parameters** of the **Settings** window and associated windows and window tabs:
