Table of Contents

- 1. Installation
- 2. Changes and Enhancements
- 3. Restrictions
- 4. Known Issues
- 5. Solved Problems

1. Installation
To install the patch release the NEEALLUNIX.SAG file needs to be loaded using the Natural Utility SYSOBJH. This should be loaded over an existing NEE8410 installation.

In addition the libceext.so extract parser needs to be copied to the bin directory of your Natural Engineer installation. This would typically be \$NEEDIR/\$NEEVERS/bin

2. Changes and Enhancements
n/a

3. Restrictions
n/a

4. Known Issues
n/a

5. Solved Problems
For the list of solved problems, see the file READMEFIX.
