1 Installation

The latest version of the documentation can be
found here: http://documentation.softwareag.com

After installation:

If you are not working with NaturalONE
- regenerate all page layouts of your applications
- if you use a custom style sheet, regenerate it from the .info file.

If you are working with NaturalONE
- rebuild your projects
- repackage your deployment files

2 Changes and Enhancements

See chapter Release Notes in the documentation.

3 Restrictions

See chapter System Requirements in the documentation.

4 Known Issues
----

5 Solved Issues

See file readme.fix
