webMethods Adapter for Terracotta 10.5 Readme

October 2019

This file contains important information you must read before using webMethods Adapter for Terracotta 10.5. You can find system requirements and user documentation, including installation and upgrade instructions, on the Documentation website or the TECHcommunity website. At those locations, you can also find the suite-related security and globalization information.

Included in this file is information about functionality that has been added, removed, deprecated, or changed for this product. Deprecated functionality continues to work and is supported by Software AG, but may be removed in a future release. Software AG recommends against using deprecated functionality in new projects.

1.0 Critical Information **2**

2.0 Known Issues **2**
