

webMethods Extended Character Set 10.2 Readme

April 2018

This is an Innovation Release. Innovation releases have a much shorter support cycle than standard releases. To learn more, please visit <http://empower.softwareag.com/innovationrelease/>.

This file contains important information you must read before using webMethods Extended Character Set 10.2. You can find system requirements, user documentation, and installation and upgrade instructions on the [Documentation website](#) or the [TECHcommunity website](#). At those locations, you can also find the suite-related security and globalization information.

Included in this file is information about functionality that has been added, removed, deprecated, or changed for this product. Deprecated functionality continues to work and is supported by Software AG, but may be removed in a future release. Software AG recommends against using deprecated functionality in new projects.

1.0	Critical Information.....	2
2.0	Known Issues.....	2
3.0	Usage Notes.....	2
4.0	Other Resolved Issues.....	2
5.0	Documentation Changes	3
6.0	Terminology Changes	3
7.0	Added, Removed, Deprecated, or Changed Items.....	3
8.0	Copyright Information.....	4
9.0	Support.....	4

1.0 Critical Information

This section lists any critical issues for the current release that were known when this readme was published. For critical information found later, go to the Knowledge Center on the [Empower website](#).

2.0 Known Issues

This section lists any issues for the current release that were known when this readme was published. For known issues found later, go to the Knowledge Center on the [Empower website](#).

3.0 Usage Notes

This section provides any additional information you need to work with the current release of this product.

4.0 Other Resolved Issues

This section lists the issues that were resolved in each release but were not part of the fixes listed in the previous section. A release is listed in this section only if changes occurred in that release.

Release 10.2

- LPUT-103
Support International Components for Unicode version 58.2.0.

Release 10.1

- LPUT-100
Support International Components for Unicode version 56.1.0.

Release 10.0

- No change in 10.0 release

Release 9.12

- LPUT-93
The time containing half an hour for a different time zone is incorrectly converted and displayed in the Users profile page. For example, GMT (Greenwich Mean Time) + 5:30 IST (Indian Standard Time) is displayed as GMT + 5:00 IST.
This issue is resolved. If the time is GMT + 5:30 IST, then GMT + 5:30 IST is displayed in the Users

profile page.

Release 9.10

- No change in 9.10 release

Release 9.8

- LPUT-76
com.softwareag.g11n.text.NCNameCoder.validate affects the performance of Integration Server when the version of java being used is Java 8.
When Integration Server validates XML documents, com.softwareag.g11n.text.NCNameCoder.validate validates if the given string satisfies NCName datatype specification. However, the performance of Integration Server is affected when the version of java being used is Java 8.
This issue is resolved.

Release 9.5

- LPUT-39
Extended Character Set artifacts contain duplicate classes. Extended Character Set artifacts contain duplicate classes, making them large in size. Also, the artifacts cannot be signed.
This issue is resolved. The Extended Character Set artifacts do not have duplicate classes and can be signed.

5.0 Documentation Changes

This section describes significant changes to the documentation, such as the addition, relocation, or removal of product guides, online help, chapters, or other major content. A release is listed in this section only if changes occurred in that release.

6.0 Terminology Changes

A release is listed in this section only if changes occurred in that release.

7.0 Added, Removed, Deprecated, or Changed Items

This section lists functionality, controls, portlets, properties, or other items that have been added, removed, deprecated, or changed. A release is listed in this section only if changes occurred in that release.

8.0 Copyright Information

Copyright © 2018 Software AG, Darmstadt, Germany and/or Software AG USA Inc., Reston, VA, USA, and/or its subsidiaries and/or its affiliates and/or their licensors.

The name Software AG and all Software AG product names are either trademarks or registered trademarks of Software AG and/or Software AG USA Inc. and/or its subsidiaries and/or its affiliates and/or their licensors. Other company and product names mentioned herein may be trademarks of their respective owners.

Detailed information on trademarks and patents owned by Software AG and/or its subsidiaries is located at <http://softwareag.com/licenses>.

This software may include portions of third-party products. For third-party copyright notices, license terms, additional rights or restrictions, please refer to "License Texts, Copyright Notices and Disclaimers of Third Party Products". For certain specific third-party license restrictions, please refer to section E of the Legal Notices available under "License Terms and Conditions for Use of Software AG Products / Copyright and Trademark Notices of Software AG Products". These documents are part of the product documentation, located at <http://softwareag.com/licenses> and/or in the root installation directory of the licensed product(s).

9.0 Support

Visit the [Empower website](#) to learn about support policies and critical alerts, read technical articles and papers, download products and fixes, submit feature/enhancement requests, and more.

Visit the [TECHcommunity website](#) to access additional articles, demos, and tutorials, technical information, samples, useful resources, online discussion forums, and more.
