

Message Class 1002 - User-definable Server

The messages have the format:

1002nnnn

where *1002* is the message class, and

nnnn is the message number in the range 0000 - 9999.

Error messages in class 1002 are reserved for customer use. The messages are given by customer RPC server implementations. See for example *Aborting RPC Server Customer Code and Returning Error to RPC Client*.
