

Message Class ETBW - Broker Log and Console - Unit of Work/Persistence Messages

This page explains unit of work and persistence messages from the EntireX Broker Log and Console. These messages have the format:

ETBWnnnn

where ETBW is the message class, and

nnnn is the message number in the range 0000-9999

Overview of Messages

ETBW0138	ETBW0145	ETBW0313	ETBW0314	ETBW0317	ETBW0318
ETBW0330	ETBW0331	ETBW0332	ETBW0333	ETBW0334	ETBW0349
ETBW0354	ETBW0426	ETBW0429	ETBW0506	ETBW0517	ETBW0521
ETBW0526	ETBW0535	ETBW0536	ETBW0537	ETBW0545	ETBW0595
ETBW0607	ETBW0616	ETBW0618	ETBW0640	ETBW0663	ETBW0684

ETBW0138 PSI: Maximum Extents used for Cell Pool

Explanation The Broker detected that the persistent store has no more cells available for cell pool xxxxxxxx (see diagnostic message ETBD0286 next to additional info for the name of the cell pool) and the maximum number of extents have been reached.

Action Review the persistent store startup parameters and increase the initial allocation value for the exhausted cell pool. For the new value to take effect, you must cold start the persistent store and restart the Broker.

ETBW0145 PSI: Attempt to expand beyond Dataspace Boundary

Explanation The Broker attempted to expand the persistent store beyond the dataspace boundary.

Action Review the persistent store startup parameter for dataspace pages and increase accordingly to an appropriate value. Restart the Broker. Use the System Management Hub to monitor usage in the persistent store.

ETBW0313 Broker RESTART failed

Explanation During broker startup, an error has been detected during the restart processing phase.

Action Examine the EntireX Broker log. Determine the cause of the error. Correct the error and restart the Broker. If the cause cannot be determined, contact Software AG support.

ETBW0314 API: UOW status invalid

Explanation The unit of work status code is not a recognized value.

Action This is probably an internal EntireX Broker error. Contact Software AG support.

ETBW0317 PSI: Persistent Store termination failed

Explanation An attempt to shut down the persistent store failed.

Action None.

ETBW0318 PSI: Function input parms invalid

Explanation The requested persistent store function is not supported by the PSTORE handler. The request is ignored.

Action Contact Software AG support.

ETBW0330 PSI: Restart-Temp Msg File Open Failed

Explanation This is an internal error.

Action Contact Software AG support.

ETBW0331 PSI: Restart-Temp Msg IDX Open Failed

Explanation This is an internal error.

Action Contact Software AG support.

ETBW0332 PSI: Restart-Msg Index Length Zero

Explanation This is an internal error.

Action Contact Software AG support.

ETBW0333 PSI: Restart-Msg File Read Failure

Explanation This is an internal error.

Action Contact Software AG support.

ETBW0334 PSI: Restart-Temp Msg File Write Failure

Explanation This is an internal error.

Action Contact Software AG support.

ETBW0349 Publish and Subscribe is not licensed

Explanation Make sure that your license file contains entries that allow you to use the Publish and Subscribe feature.

Action Contact Software AG support.

ETBW0354 EntireX License Key Error

Explanation Your EntireX License has expired.

Action Please contact your local Software AG office or distributor to extend your license.

ETBW0426 Start of ETB_SHUTDOWN thread failed

Explanation UNIX/Windows only. The "etbnuc" process encountered an error while creating shutdown thread. Broker could not be initialized.

Action Contact Software AG support.

ETBW0429 Missing or invalid XTI library

Explanation One of the components of Entire Net-Work communicator is missing.

Action Contact Software AG support.

ETBW0506 ** Communicator not available anymore **

Explanation The Communication Manager of the transport layer stops due to unrecoverable errors, exceeded retry limit or shutdown.

Action Check the log file for error messages. Ignore this warning if shutdown was requested.

ETBW0517 Terminate Restart Handling

Explanation The Communication Manager did not succeed to run the transport-specific Communicator. All attempts to restart the Communicator were not successful.

Action Check the log file for error messages.

ETBW0521 Unexpected Communicator Nucleus Status

Explanation A component of the transport layer detected an unexpected status and will stop immediately.

Action Check the log file for error messages or shutdown.

ETBW0526 Broker kernel not running with Security

Explanation An operator command was issued that interacts with Broker's security component. However, security was not activated for this Broker.

Action Do not issue security relevant operator commands without activating security.

ETBW0535 PSTORE is not licensed

Explanation Make sure that your license file contains entries that allow you to use the persistent store for the Publish/Subscribe feature.

Action Contact Software AG support.

ETBW0536 SUBSCRIBER-STORE is disabled

Explanation The subscriber store is configured to use the primary store, and the primary store is not licensed.

Action Contact Software AG support.

ETBW0537 Ambiguous: CONVERSION and TRANS

Explanation Broker detected that attributes of the indicated service (or topic) specify both TRANSLATION and CONVERSION parameters. Broker ignores the TRANSLATION parameter and continues with initialization.

Action If you still want the service (or topic) to use TRANSLATION only, edit the Broker attribute file and delete the line containing CONVERSION= for this service (or topic) in DEFAULTS=SERVICE or DEFAULTS=TOPIC.

ETBW0545 EntireX License Status License expiration date is yyyy/mm/dd . License will expire in nn days - or - License expired on yyyy/mm/dd

Explanation Indicates the expiration date of your EntireX license. If the expiration date is less than 30 days in the future but greater than 0, you are reminded to contact Software AG. If the license has expired, you will not be able to restart.

Action Please contact your local Software AG office or distributor to extend your license.

ETBW0595 PSILIB: PSTORE-TYPE=FILE is unsupported

Explanation PSTORE-TYPE=FILE is no longer supported.

Action Migrate the data of the persistent store of type file to a different persistent store type. See *Migrating the Persistent Store*.

ETBW0607 Command logging switched off

Explanation Command logging was requested. However, it is not possible to switch on command logging due to configuration errors.

Action Fix the problem and switch on command logging.

ETBW0616 CPU limit reached

Explanation The CPU time of the task is exceeded. Broker received the interrupt from the operating system and will go down.

Action Specify a TIME=1440 parameter for the JCL EXEC statement of the Broker to run Broker without CPU limit.

ETBW0618 Transport not active

Explanation The transport-specific operator command cannot be executed. The transport is currently not active.

Action Issue the operator command when the transport is active.

ETBW0640 EntireX License Key Warning

Explanation A warning occurred while processing the EntireX License file. Additional error text will provide more information.

Action Consult the additional error text and take appropriate action.

ETBW0663 No assignment for LICENSE Report

Explanation Under z/OS and BS2000/OSD, the license is printed during startup. However, the assignment for the license report output file is missing.

Action Assign the license report output file.

ETBW0684 Cannot make Broker non-swappable

Explanation Broker not APF-authorized.

Action Ensure that all load libraries in the Broker kernel steplib are APF-authorized.
