

Client and Server Examples for z/OS IMS BMP

There are no special IMS BMP examples delivered.

The delivered client examples for z/OS batch can be used as a basis for use in BMP mode, but they have to be adapted.

The delivered server examples for z/OS batch can also be used in BMP mode. See *Client and Server Examples for z/OS Batch*. Using IMS PCB pointers to access IMS databases in this context is described under *Using the PL/I Wrapper for IMS BMP*.
