2.0 Known Issues

This section lists issues that were known for the current release when this readme was published. For known issues found later, go to the Knowledge Center on the [Empower website](#).

- SBP-532
User selection dialog cannot be launched from the "New Collaboration Task" dialog box.
In Activity Stream, if you select "Create Child Task" option, you cannot select the user for the child task in the "New Collaboration Task" dialog box.
To work around this issue, assign the child task to a user in the Task Details page.
- SBP-540
In the Business Console Administration page, if you specify the machine name or IP in the Integration Server URL or Task Engine URL fields, you get "No 'Access-Control-Allow-Origin' header is present on the requested resource." exception.
To work around this issue, see the *Working with Business Console* guide for instructions to configure Business Console with a remote My webMethods Server.
