1.0 Critical Information

This section lists the critical issues for the current release that were known when this readme was published. For critical information found later, go to the Knowledge Center on the [Empower website](#).

None.

2.0 Known Issues

This section lists issues that were known for the current release when this readme was published. For known issues found later, go to the Knowledge Center on the [Empower website](#).

- SBP-837
Sometimes, child task creation fails when a group task contains many child tasks.
There is currently no workaround for this issue.
- SBP-833
Cannot create a saved search for tasks, if you specify user(s) in the search criteria.
There is currently no workaround for this issue.
- SBP-824
Sometimes, Business Console user interface hangs if you use the user picker to select a user for a task.
To work around this issue, log off and re-login.
- SBP-783
SAML token expires if the time zone is different for Task Engine and My webMethods Server configured with Business Console.
To work around this issue, make sure that My webMethods Server and Task Engine for Business Console are in the same time zone.
- SBP-645
Sometimes, the 'Tasks That Expire Today' filter does not work correctly.
There is no work around for this issue.
